DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

2. Authorization for this examiner's amendment was given in a telephone interview with Attorney of record Joseph W. Ragusa on 09-19-2005.

3. The application has been amended as follows: Please note that this Examiner's Amendment is based on the previous Examiner's Amendment was issued on 09/27/2005.

In claim 1, line 14, before "reproducing", the follows have been inserted: -- when the incoming call is received, --.

In claim 3, line 14, before "reproducing", the follows have been inserted: -- when the incoming call is received, --.

In claim 8, line 13, before "reproduce", the follows have been inserted: -- when the incoming call is received, --.

(End of Amendment)

REASONS FOR ALLOWANCE

4. Claims 1, 3-4, and 8-9 are allowed over the prior art of record.

5. The following is an examiner's statement of reasons for allowance:

The applicant's Remarks, filed on 07/08/2005, have been carefully reviewed with update search. Consequently, reasons for allowance of claims 1, 3-4, and 8-9 are set forth in accordance to the applicant's remarks stated on page 5.

Regarding claims 1, 3, and 8, the prior art made of record fails to clearly teach or fairly suggest, the feature of a mobile phone and a method of storing data of a ring tone melody downloaded from a ring tone melody distribution server in a mobile phone through a network and reproducing the stored data when the mobile phone detects the incoming call. Furthermore, the mobile phone store data of a part of ring tone melody to be downloaded from the ring tone melody distribution server, and when the incoming call is received, reproducing data of the stored part of the ring tone melody to be downloaded until the data of the ring tone melody to be downloaded is completely received from the ring tone melody storing server through a mobile phone line, in combination with other limitations, as specified in the independent claims 1, 3, and 8, and further limitations of their respective dependent claims 4 and 9.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
